DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claim 1 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kashiwagi et al (US 5700307). As stated in the conclusion of the previous office action, Kashiwagi et al discloses multi-layer press molds incorporating the applicant's claimed elements. Note col. 2, lines 58-62 for the disclosure of an amorphous film comprising at least one of a group of metals including Mo and Nb. Note col. 6, lines 1-23 for the disclosure of sputtering two distinct layers of metals on a WC body, a first "cutting" layer that includes the Mo or Nb and a second protective layer. Literal disclosures of a "diffusion preventive" or a "releasing" film are absent from Kashiwagi et al. It is the position of the examiner that the sputtered films disclosed by Kashiwagi et al would inherently have the diffusion preventive and releasing properties claimed because the materials and the method of depositing those materials are identical to that of the claimed invention.

Response to Arguments

3. Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground(s) of rejection. The applicant has not yet addressed the disclosure of Kashiwagi et al.

Art Unit: 1731

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

5. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
